10/17/2017 22:40	greid@chccs.k12.nc.us	Today's theme in the 2017 Safe School Week is Mental Health Awareness. Campus safety and security efforts are frequently focused on the tangible: physical location and safety of students and staff. However, the intangible (mental wellness and emotional safety) of those on our campuses is also critical to a successful school experience. Take a moment today to think about your own mental health and reflect on how you might be supportive and aware of the mental health of others on campus.	10/18/17	One day (the date you typed above)
